

# CAPTAIN PLAN-IT VS. MONEY MYTHS!

**MYTH #4:**  
"I can handle my own finances."

Do you have a financial advisor helping you...  
Yeah...I'm pretty sure I can figure out anything on the internet.

**AND THE EVIL DR. REE CESSION**

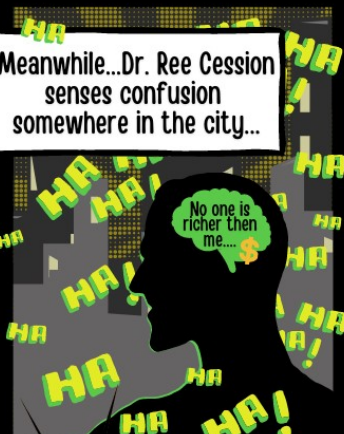

Here...take my card and let's talk about how I'll do all the hard work and support what you already know.  
Let's get coffee on me. There's no pressure...

Your trusted advisor.

I don't know who that lady thinks she is...financial advisor...pfft...  
I'm a smart guy. I can figure out anything I need to from a two second search.

Meanwhile...Dr. Ree Cession senses confusion somewhere in the city...  
No one is richer than me...

That's right buddy! Spend all your time researching while I watch your money do ABSOLUTELY NOTHING.  
He won't last much longer.

Hours and hours later...

I've spent hours looking up terms and options...  
CAN'T SOMEONE JUST TELL ME THE RIGHT WAY TO DO THIS!  
I feel like my head is going to EXPLODE!  
I've been watching you struggle with your finances for days...and...so has Dr. Ree Cession.

**CAPTAIN PLAN-IT!**  
Wha...wha...what are...well what are you doing here?

While there are a lot of things you should take control of...  
...it's unwise to think that you would be able to handle your finances entirely on your own. Most people don't buy a home without some direction from a trusted expert.

Working with a financial advisor is a source for direction and advice while you still maintain full control.

Good afternoon. Broughton Investment Group. Where we simplify finances..

It's for you.  
Also...you're welcome.

Don't risk a financial "myth" stake. Talk to a Financial Advisor... **TODAY!**
